HISTORY OF THE HUSH PUPPY

Legend has it that a group of nuns from France settled in New Orleans around 1727 and created, from cornmeal, croquettes de maize. An African cook in Atlanta is said to have tossed a morsel of one of these croquettes to a yelping puppy and said "Hush Puppy". Now you know the rest of the story.

A LITTLE HISTORY ABOUT THE FAMILY

Henry's Restaurant has been serving the Outer Banks of North Carolina since the summer of 1989.

After eleven years of operating the food service at the Duck Woods Country Club, Henry and Linda Ezzell decided that they wanted to offer a restaurant that served honest American Style food that would appeal to people of all ages. With so many fine dining establishments in the area they felt there was a need for a down-to-earth, no-frills experience for those that wanted good food, a pleasant and accommodating staff, with an affordable menu.

Henry, Linda, their daughter Kim, along with granddaughter Brittney, and our amazing staff, welcome you to HENRY'S. We are family owned and operated with three generations active in the daily operations and you might just see a fourth generation running around learning the family tradition. It's our pleasure to have you join us and we thank you for choosing HENRY'S for your eating-out experience. We feel our greatest asset is our many locals, and visiting friends that make HENRY'S their home away from home. As our customers will attest, we feel confident that we have achieved this goal. Please do not hesitate to ask any member of our family or staff to assist you with any of your needs.

We hope to become one of your family's Outer Banks traditions for years to come.
